At the Law Offices of Adrianos Facchetti, Accident & Injury Lawyers, we represent real people whose lives have been turned upside down by injury, injustice, or powerful insurance companies that count on fear and silence. We're not a volume mill. We file lawsuits. We go to war when others fold. And we do it with integrity, intensity, and relentless focus. Located in Burbank, California and led by Adrianos Facchetti, a UCLA grad and Pepperdine Law alum with over 1,000 cases under his belt, we've built a powerhouse firm with a reputation for turning setbacks into comebacks. Our clients aren't just numbers. They're humans who deserve answers, dignity, and results.
